Committed to our Communities

The Kemper Foundation serves as the philanthropic partner of Kemper Corporation. Through community outreach, Kemper employee volunteer efforts, and financial support, The Foundation continually strives to make a meaningful impact in the communities where we live and work. Our support is focused on causes and non-profit organizations that advance our three focus areas: education, health and community development.

In the third addition of our Community Impact Report, you'll find highlights of The Kemper Foundation's continued progress toward our mission, including:

- How \$2.6 million in giving is supporting education, health and community development
- The philanthropic programs and initiatives driving positive change
- The incredible volunteer efforts and generosity of Kemper employees

Message from Leadership

Every year, The Kemper Foundation is committed to strengthening the communities where we live and work. We're proud to share the meaningful strides we've made in supporting organizations that help improve the world we live in. Thanks to the commitment of Kemper employees, the dedication of our mission-driven partners, and the reach of our programs, we continue to make a lasting impact.

This year, the Foundation's collective impact totaled \$2.6 million, bringing our total community investment to \$14.4 million since 2021.

Following are some notable highlights from 2025:

EDUCATION

- Over \$1,000,000 through the Kemper Scholars Program, fulfilling our \$4.5 million, five-year commitment to the next generation of leaders; over \$500,000 through our Read Conmigo grant programs, supporting dual-language education and strengthening bilingual literacy for thousands of students.

HEALTH

- \$382,000 to key partners, including the American Cancer Society, the American Heart Association, and Breakthrough T1D, to advance medical research, patient care, and health education.

COMMUNITY DEVELOPMENT

- \$573,000 in support of organizations such as UnidosUS, the National Urban League, and Feeding America affiliate food banks, ensuring resources reach those who need them most.

Kemper Employee Impact:

This year's success was fueled by the passion and generosity of Kemper employees:

- Local Kemper Cares ambassadors rallied volunteers across the U.S., leading to 226 Kemper-sponsored community events.
- Through employee giving—including more than \$65,000 in personal donations—and our matching gift program, over \$135,000 was contributed to local nonprofits, while employees dedicated over 3,200 volunteer hours in their communities.

As you explore this report, we hope you're inspired by what we've achieved together. We're proud of the progress we've made and even more excited about the difference we'll continue to make.

Sincerely,

Barbara Ciesemier
President
The Kemper Foundation

"Through the important work with The Kemper Foundation, and with the generous support of our employees, our collective efforts are improving lives in the communities we serve and reflecting the principles we share as an organization."

C. Thomas Evans, Jr.

Chairman, Board of Trustees, The Kemper Foundation
Interim CEO, Kemper Corporation

Education

Investing in students, educators and the future of our communities.

Education is central to our mission. We believe access to knowledge and opportunity should be available to all. We invest in targeted programs that support schools and teachers with the greatest need, while nurturing emerging talent and helping develop future business leaders.

KEMPER SCHOLARS PROGRAM

Through the Kemper Scholars Program, we partner with 10 universities—including six Historically Black Colleges and Universities (HBCUs) and Hispanic-Serving Institutions (HSIs), to provide need-based scholarships, support for on-campus student organizations, and funding for innovative academic research.

In 2025, we awarded over \$1 million in scholarships and faculty grants, ensuring that they have the resources they need to thrive.

\$1.1M

Florida International University
Harris-Stowe State University
Miles College
Northwestern University
University of Chicago
University of Notre Dame
University of Texas Rio Grande Valley
University of Wisconsin, Madison

By investing in education today, we’re helping shape the changemakers of tomorrow.

Dr. Tamatha White received a \$25,000 faculty grant from The Kemper Foundation to research the insurance industry, with a focus on insurance-related majors and minors at Alabama’s Historically Black Colleges and Universities (HBCUs). In 2025, this research article was accepted for publication through the The National Association of African American Honors Programs (NAAHP) Research and Creative Expression (R.A.C.E) Journal.

“Through this research, we’ve gained valuable insights into the systemic barriers that have historically limited access to the insurance industry for minority students. It not only enhances academic offerings but also prepares students to effectively navigate and contribute to a rapidly evolving industry, empowering the next generation of leaders from HBCUs to drive change in the field of insurance.”

Megan Pedroza, a student at the University of Texas Rio Grande Valley, was named a Kemper Scholar in 2025.

“This scholarship gives me the support to keep serving my community while pushing toward the future I’m building. It motivates me to stay ambitious and committed, take on meaningful projects, and grow as a leader. It’s more than financial help, it’s a reminder that I’m on the right path.”

READ CONNMIGO

The Read Connmigo Grant Program supports dual-language education for Hispanic and Latino students, helping them build critical skills for success in an increasingly connected world.

Through Read Connmigo Educator Grants, The Kemper Foundation awards \$3,000 to public and charter elementary school teachers in dual-language (Spanish-English) programs, providing classroom resources and professional development.

Educators report measurable gains in biliteracy skills, including reading comprehension, writing, vocabulary and speaking, based on both formal and informal assessments.

In 2025, The Foundation awarded \$285,000 to 95 educators in the Dallas, Greater Los Angeles, and Miami areas. Since 2022, we've awarded over \$1,000,000 in grants to support over 10,000 bilingual students in under-resourced communities.

Building on this success, in 2025, the program expanded and launched the Read Connmigo School Impact Grants. These grants provide \$10,000 to Title I elementary schools to support school- or program-wide dual-language (Spanish-English) initiatives. The Foundation awarded 22 School Impact Grants in the program's inaugural year, supporting innovative dual-language initiatives for the 2025-2026 school year at Title I elementary schools in California, Florida and Texas.

Principal and team members from **Baldy View Elementary School** in Upland, CA pose for a photo with the District Director for Assemblymember Michelle Rodriguez while celebrating their 2025 Read Connmigo School Impact Grant.

Kemper employees from the Cerritos, CA office fill backpacks with bilingual books and school supplies for local Read Conmigo Educator Grant recipient classrooms.

The Kemper Foundation Treasurer **Uchenna Hicks** accepts an award from then-California Association for Bilingual Education (CABE) Board President **Dr. Raúl Maldonado** at the 2025 CABE Conference in Long Beach, CA.

Barbara Ciesemier, President of The Kemper Foundation presents a School Impact Grant award to **Romeo Flores**, Then-Principal of Maria Alicia P. Muñoz Elementary School in Donna, TX.

Fall 2025 Read Conmigo Educator Grant Recipient **Jonathon Salguero** poses with his second-grade students at Thomas Tolbert Elementary School in Dallas, TX after receiving Read Conmigo backpacks filled with bilingual books and educational supplies.

EDUCATOR VOICES

"With these resources, I am expanding our bilingual library, enriching student learning with engaging manipulatives, and creating a warm and inviting environment that fosters literacy and vocabulary growth in Spanish."

Rosie Reagan

Fall 2025 Read Conmigo Educator Grant recipient
Railroad Canyon Elementary School, Lake Elsinore, CA

"These funds have empowered our teachers to enhance classroom libraries, implement research-based reading practices, and integrate technology that supports language development. As a result, we are creating more inclusive, engaging learning environments that better support our bilingual students' academic success."

Hipólito Rodríguez

Dual Language Coordinator, Dallas ISD

"[the grant] has truly opened up an incredible opportunity for me to grow as a teacher, and, in turn, better support my students in becoming bilingual, biliterate, and bicultural. This funding has made a significant difference, and I'm excited to see how it will continue to impact my work."

Health

At The Kemper Foundation, we believe access to health resources is essential for individual well-being, strong communities, and a thriving society. Through collaboration, funding, and hands-on volunteerism, we're proud to play a role in building healthier communities and supporting people when they need it most. That's why we invest in organizations leading the way in medical research, patient care, and health education. By supporting these efforts, we help expand access to vital services and address some of today's most urgent health challenges.

AMERICAN CANCER SOCIETY

Cancer touches nearly every family, and we're committed to standing alongside those affected. Through our partnership with the American Cancer Society (ACS), we've provided support to help advance life-changing research, advocacy and patient support programs.

In 2025, Kemper employees raised funds and awareness through events such as Making Strides Against Breast Cancer, Men Wear Pink, and Relay for Life. Beyond fundraising, they also volunteered at Hope Lodges™, where patients and their families stay free of charge while receiving treatment.

Kemper employees from the Chatsworth, CA office and their friends and family participate in Relay for Life of Santa Clarita Valley, raising nearly \$14,000!

\$100K

\$14K+

Matching gifts and employee donations

Additionally, our support extended to ACS initiatives like Taste of Hope, Discovery Ball, and ResearchHers, a campaign supporting women-led cancer research and recognizing leaders in the field. In total, our collective impact in 2025 reached nearly \$100,000, bringing hope and tangible support to those fighting cancer.

BREAKTHROUGH T1D (FORMERLY JDRF)

The Kemper Foundation proudly supports Breakthrough T1D, the leading global organization focused on type 1 diabetes (T1D) research and advocacy. In 2025, our charitable contributions supported its Early Detection Program, expanding screening access in rural and underserved communities through partnerships with local clinics.

Through this initiative, over 2,200 individuals received T1D autoantibody screenings. Kemper employees also participated in Breakthrough T1D walks in multiple cities, reinforcing our commitment to accelerating research, raising awareness, and driving progress toward a cure.

In total, our 2025 impact was nearly \$100,000.

Breakthrough T1D*

AMERICAN HEART ASSOCIATION

Heart disease remains the leading cause of death in the U.S., and through our partnership with the American Heart Association, we are helping to change that. The Kemper Foundation proudly supports American Heart Association programs that promote longer, healthier lives by fighting heart disease and stroke.

As part of the Nation of Lifesavers Initiative, we helped distribute CPR Anytime and Anywhere kits to high-risk communities, enabling the American Heart Association to provide CPR education to over 1,300 community members in Dallas, Los Angeles, and Miami.

We also supported Go Red for Women, raising awareness of women's heart health, with Kemper employees participating in National Wear Red Day and organizing local fundraisers. In addition, employees mentored young women through STEM Goes Red, inspiring future leaders in science, technology, engineering, and math.

Our total support for the American Heart Association in 2025 exceeded \$108,000, including nearly \$6,000 in employee donations and matching gifts.

Community Development

The Kemper Foundation strengthens communities by partnering with organizations that share our commitment to equity, justice and access to essential resources. From ensuring families have nutritious food to supporting civil rights initiatives, we're dedicated to making a meaningful, lasting difference. By working together, we create lasting change and expand opportunities for those we serve.

FEEDING AMERICA

In 2025, The Kemper Foundation supported Feeding America affiliated food banks in 14 cities, providing vital nutrition to families in need. With employee volunteers and charitable donations exceeding \$114,000, we helped distribute 398,000 pounds of food—equivalent to 382,000 meals.

**National
Urban League**

NATIONAL URBAN LEAGUE

For over a century, the National Urban League (NUL) has worked to uplift African American communities through education, economic empowerment, housing and justice. In 2025, our contributions supported several NUL education programs, their annual conference, and the Young Professionals network, a volunteer auxiliary comprised of individuals ages 21-40, dedicated to advancing community change through volunteerism and leadership. In total, we provided approximately \$100,000 in charitable contributions to the National Urban League and select affiliates.

Legacy of Leadership: Former NULYP leaders shared insights from the frontlines during a powerful panel discussion at the National Urban League Annual Conference. The Kemper Foundation proudly supports the National Urban League's mission to advance equity and opportunity.

UNIDOS US

UnidosUS is the largest Latino civil rights organization in the United States. It works to break down barriers in education, housing, financial empowerment, and civil rights for the nation's 64 million Hispanics and Latinos. In 2025, The Kemper Foundation supported organizations participating in UnidosUS' Financial Empowerment Network, which provides financial coaching and resources to help families build credit, savings, and financial stability. In total, we provided approximately \$90,000 in charitable contributions to UnidosUS and its affiliates.

Participants in The Concilio's Parents Advocating for Student Excellence (PASE) program. Based in Dallas, TX, The Concilio is one of the organizations supported by The Kemper Foundation through the UnidosUS Financial Empowerment Network.

Kemper Cares Program

TURNING COMPASSION INTO ACTION

Kemper employees continue to make a meaningful difference by donating their time and talents to causes and making a real difference in their communities. Through Kemper-supported volunteer programs, such as Matching Gifts and Dollar for Doers, Kemper empowers teams to give back in ways that are personal and impactful.

The Kemper Cares program makes it easy for employees to log volunteer hours, sign up for service opportunities, and track their giving. Local Kemper Cares ambassadors lead community events and encourage year-round participation in the local communities where they live and work.

"I am Henderson's Kemper Cares Philanthropy Ambassador because I'm passionate about making a positive impact in our communities and helping drive meaningful initiatives. I'm excited for the opportunity to inspire colleagues to get involved and support causes that align with our company's values."

Angelo Amato

Sr. Manager Auto Claims
Henderson, NV

DOUBLING OUR IMPACT

When employees give, we give too. Kemper matches donations to eligible nonprofits dollar for dollar up to \$500 per employee annually. For special initiatives like Giving Tuesday and Hispanic Heritage Month, we amplify generosity with a 2:1 match.

In 2024, we introduced Dollars for Doers, a giving program that rewards employee volunteerism. Employees who volunteer four or more hours with a single nonprofit can request a \$25-per-hour grant to support the organization's mission.

Danica Tucker volunteered 20 hours with Community CARE in 2025. Through Dollars for Doers, Kemper donated \$500 to the organization in recognition of her volunteer time.

"Supporting Community CARE allows me to help children in low- to moderate-income communities gain access to education, housing, healthcare, and mentorship. With Kemper's Dollars for Doers program, my donation helps sustain programs that empower youth to dream big and see their potential."
